Estimated Expenses 2025 - 2026

Felician University is required to certify to the U.S. government that you are eligible to receive an F-1 Visa. Note: The costs indicated below are estimates and may vary on program of study. The tuition and fee estimates are based on full-time attendance required for each fall and spring term (12-18 credits for undergraduate and 9 credits for graduate students).

The costs below are estimates for one academic year (fall and spring semesters) and do not include costs of living and studying during winter or summer break. If you plan to remain in the U.S. during the summer, you will need to ensure that you have additional funds for your living expenses.

You must show the Year 1 funds in full via a bank statement (checking or savings account only). Proof of funding for all years after Year 1 can be met with the bank statement or by providing evidence of a sponsor's employment and income. Please upload all data into your profile in the SLATE portal.

Please also note that you should plan for annual increases in tuition, fees and room/board of about 4%. All costs are subject to change upon approval of the University's Board of Trustees. Fees indicated below cover mandatory and comprehensive fees. Some courses (science lab, computer science and art studio) may also have course fees, which are not indicated below.
