When referring to your Financial Aid Award Letter, you will note that your total offer of assistance is less than the total billable amount you will owe each term. For the remaining balance, and if you choose to borrow for additional expenses, you will need to look at **Alternative Loan Providers** and calculate the amounts for application after any eligible federal loans are applied. With your award letter, you received a list of Alternative Student Loan Lenders that our students and their families have used in the past that will give you a starting point in your research. The maximum financial aid you can receive in the academic year is based upon the total estimated cost of attendance above.
