Reporting Procedures

In cases where there is a need for emergency assistance by Police, Fire, or Medical personnel, students, faculty and staff are instructed to go to the nearest phone and dial 911, to reach the Lodi or Rutherford Police, and then notify the University Office of Safety and Security (201-559-3561) in Rutherford or by dialing zero from a University phone to reach the University operator.

Campus Security Authorities

The University encourages all campus community members to promptly report all crimes and other emergencies directly to

the Office of the Vice President for Student Affairs and Dean of Students, (201) 559-3564 or call 911. We also recognize that some prefer to report to other individuals or University offices.

The Clery Act requires that the University identify individuals with significant responsibility for student and campus activities including but not limited to judicial proceedings, student discipline and housing as Campus Security Authorities (CSA).

The function of a CSA is to report to the office designated to collect crime report information, those incidents that he or she concludes were made in "good faith." The Office of the Vice President for Student Affairs is the designated office.

Alleged crimes that are reported to Campus Security Authorities are reported to the University Conduct Officer, which is the designated individual by the Vice President for Student Affairs as the appropriate person for collecting and processing all incident reports.

When a student, faculty, or staff member reports to a Campus Security Authority about an incident, it must be reported. The CSA should complete an incident form and submit it to the University Conduct Officer for investigation. The CSA should consult with the Campus Conduct Officer about the investigation of the alleged crime.

Designated University personnel may assist with further investigation and may additionally consult with the reporting CSA and/or others to gather additional information.

Note: For serious crimes where there is likely and foreseeable threat to persons or property, immediately contact the Police by dialing 911, and then contact Campus Security at 201-559-3561 to report the incident.

Campus Crime Data Collection Policy and Procedures

In order to comply with the federal requirement published by the Department of Education, Felician University has established a policy in regard to gathering accurate and complete crime statistics for the information of all members of the University Community, prospective students and their families, prospective employees and for the general public.

The following is the procedure for collecting crime data:

- Incidents are recorded in an incident report using Maxient judicial software and on a Campus Security Authority Crime Report Form.
- The Maxient incident report, as well as the Campus Security Authority Crime Report Form, is sent to the University Conduct Officer.
- The University Conduct Officer processes the case for adjudication, marking the incident in Maxient with a Clery identifiable tag.
- All information and documents involving this incident are placed in judicial files labeled FC-YEAR. All files containing Clery identifiable information are placed in color coded file folders.
- The color coated files are placed in the Office of Community Rights and Responsibilities once they are complete.
- At the end of each semester or session, the University Conduct Officer and designees of the Vice President for Student Affairs review the content of the files and confirm that the incidents were categorized properly as per the Federal definitions.

- The files are audited to verify the consistency of sanctions.
- Once quality assurance is complete information is collated and categorized for Clery data compilation and a report is generated using the Maxient judicial software.
- The Maxient analysis report is formatted to the specifications of the Handbook for Campus Crime Reporting.
- The annual request for Clery crime statistics is sent to all our offsite locations, hotels utilized for sports overnight events as well as the respective law enforcement agencies.
- The response information is received electronically or in physical document and placed with all other Clery information on file located in the Office of Community Rights and Responsibilities.
- The information is prepared at the beginning of each calendar year for the previous year's Clery Crime Data.

Response to Reported Incidents

In the event of an emergency or a criminal action that endangers some or all of the campus community or its neighbors, the Vice President for Student Affairs, Chief Compliance Officer (or his/her designee) will consult with the appropriate administrator and local

authorities and enact plans of action which includes the means of communicating with all persons affected or at risk.

For other incidents, the appropriate administrator is responsible for evaluating a possible reoccurrence and future risk potential. Based on this assessment, he/she will recommend a corrective policy and/or procedure to the President.

Additionally, the University may initiate the University wide notification system and determine the content of the notification based on the severity of the situation and taking into consideration the safety of the University community. This would be done unless this issuing of a notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency.

Timely Warning and Emergency Notification

If a situation arises, either on or off campus that, in the judgment of a Senior Administrator, constitutes a campus-wide threat a Timely Warning will be issued. It will be decided on a case by case basis considering facts, nature of the threat, and any possible danger to the campus community.

The notifications regarding emergencies are issued through one or more of the following means listed below:

- Campus emergency notification system
- E2 campus emergency text message
- Campus wide e-mail and/or voice mail

- Notification on the Felician website

Anyone with information suggesting that a Timely Warning is needed should report the circumstances immediately to a Senior Administrator or dial Felician Telephone Operator at 201-559-6000, dial zero from a campus phone, or call the Security Office at 201-559-3561.

Emergency Response Evacuation

The University will immediately notify the campus community of an emergency or dangerous situation upon confirmation that a critical situation exists. The Office of the Vice President for Student Affairs, or designee, is responsible for the notification and coordination of the University response. The University Emergency Response team will be activated. Different levels of critical situations require specialized consideration and professional judgment to provide protection for the University community. Decisions will be made on a case-by-case basis by senior administrators in conjunction with local authorities.

Procedures may include securing the residence halls and/or directing students, staff, and visitors to safe locations.

If required, transportation of persons will be coordinated with appropriate personnel, most immediately by the members of the professional staff in conjunction with Campus Safety and Security and by a senior administrator who is granted authorization for this action.

Coordination for assistance, equipment and supplies will be determined at the relocation site as needed.

Members of the Senior Administration located closest to the campuses are tasked with the determination, based on reported conditions, to enact a partial or full-campus evacuation, a University lock-down or other appropriate steps to protect members of the University community.

Once the decision has been made to invoke emergency procedures, students, faculty, and staff will be notified by the communication systems as outlined in the section above entitled “Timely Warnings and Emergency Notifications.”

The Vice President of External Relations and Communications will be continually briefed by the Senior Administrator in charge and in turn will issue reports to the Felician University community media and general public regarding the conditions which resulted in the emergency situation and any appropriate changes in the circumstances.

In the event of a partial evacuation, students, faculty, and staff will be alerted and instructed to report to a safe building or area, a facility or area not threatened by the current conditions, transported to the other campus or when possible sent home.

In the event of a full campus evacuation, students, faculty, and staff will be transported to the other campus, or when possible sent home.

In the event of a lock-down situation, students, faculty, and staff will be notified by established procedures and instructed to take shelter in a University facility which will be under the

supervision of University Administration and University Security.

Daily Crime and Fire Log

A Daily Crime and Fire Log is maintained by the Office of Community Rights and Responsibilities that records, in chronological order, all Clery reportable crimes, instances of fire, and other serious incidents reported on campus or within the department's jurisdiction.

The crime and fire log for the most recent 60-day period is open to public inspection during normal business hours in the Office of the Vice President of Student Affairs and Dean of Students located on the first floor in the Student Center Building on the Rutherford Campus or The Conduct Office or at the Information Desk in Obal Hall on the Lodi campus. Any portion of the log older than 60 days, is available within two business days of a request for public inspection.

Felician University Procedure for Collecting Data and Publishing Daily Crime Log

- Incidents Reports are sent to the University Conduct Officer.
- The University Conduct Officer determines the classification of the incident as defined by the Clery Act as specified in the Handbook for Campus Crime Reporting.
- If an incident is classified as an alleged Clery law violation, the information is added to the daily crime log via an excel document.

- A pdf is created to ensure data integrity and forwarded to the webmaster for posting in the consumer information section on the web.
- The University Conduct Officer UPDATES THE CRIME LOG DAILY AND THIS LOG IS EASILY ACCESSIBLE ON THE UNIVERISTY WEBSITE UNDER "STUDENTS RIGHT TO KNOW AND ACHIEVEMENT" LOCATED AT THE BOTTOM OF THE PAGE.
- Paper copies are immediately available on both the Rutherford and Lodi campuses during normal business hours.

Access to Campus Facilities

Felician University is an open campus, monitored by the Open Eye Camera Security Monitoring System as well as patrolled 24 hours per day, 7 days a week, both on foot and by utilizing vehicles marked as campus security.

While the entire campus community is encouraged to practice personal safety awareness, the Campus Security Department works in conjunction with the Lodi and Rutherford Police Departments to ensure regular patrol of the campus.

Residence Hall doors are staffed by Security or locked 24 hrs. per day with a required sign in. Security Officers are responsible for checking and securing doors when needed. Only residents and their invited guests are permitted in the Residence Halls. It is the resident's responsibility to ensure that their guests are aware of the University's policies. A guest must always be escorted

by a resident of the building. To gain access, Residential Students must present a Felician University issued valid student ID card and guests must present a picture identification.

All University personnel are required to identify themselves prior to entering a Residence Hall. It is the responsibility of Residents and Staff Members to question or report individuals who cannot be identified as residents or the guest of a resident.

In the event of an unescorted guest in the Residence Halls all students and members of the community are advised to call Felician Security at 201-559-3561.

Parking and Traffic Regulations

All members of the Campus Community must abide by the University's campus parking and traffic regulations.

Campus Security is responsible for the administration and enforcement of these regulations.

Campus parking stickers are required for campus parking and are obtained from the Security Office in Rutherford.

The University is not responsible for any damage or theft which may occur to vehicles or contents while parked on campus.

Campus parking regulations are published in the Felician University Student Handbook.

Substance Abuse Policy and Procedures

From its inception, Felician University has aimed to create an atmosphere in which total growth and development of each student and community member would be achieved. Felician affirms that it is a Drug Free Workplace and that all members of the Felician University Community are subject to applicable Federal and State regulations concerning Drugs and Alcohol.

1. All unlawful manufacturing, distribution, dispensing, possession or use of controlled substances in the University or in University related premises by any member of the Felician University student body will be considered a potential serious violation of Federal, State and/or Local statutes. Violators will be subject to disciplinary action and/or legal prosecution, as appropriate to the circumstance.

2. All Felician University Community Members are required to report any criminal drug violation occurring at the University or on University related premises. Students and employees, who violate Felician policy, and/or other regulation, will be subject to participation in a drug or alcohol assistance program and other discipline, including suspension or termination.

New Jersey State Law prohibits the sale, purchase, or consumption of alcohol under the age of 21. Violations of this law will not be tolerated at Felician University. Felician University has developed programs on alcohol education and awareness as to comply with Federal and State laws.

The above information is adapted from the Felician University Student Handbook, which is available for reference:

https://felician.edu/wp-content/uploads/2019/10/508_STUDENT-HANDBOOK-2020-2021.pdf

Drug-Free Workplace Policy

Drug and alcohol abuses are a potential danger to society. They impair safety and health, promote crime, lower productivity, and quality, and undermine confidence in all that we do. As such, Felician University does not tolerate the illegal use of drugs and the abuse of alcohol. Under the federal “Drug-Free Workplace Act,” in order for Felician University to be a “responsible source” for the award of federal grants, the following is effective immediately:

Any location, at which University business is conducted, whether on campus or any other site, is declared to be a drug-free workplace.

All students and employees of Felician University are prohibited from unlawfully manufacturing, distributing, dispensing, possessing, or using controlled substances in the workplace. The following is a partial list of controlled substances.

The Director of Health Services can provide a listing and explanation of known controlled substances, including:

- Narcotics
- Cannabis
- Stimulants
- Depressants
- Hallucinogens

Any employees’ violations of the above policies are subject to discipline, up to and including suspension and/or termination.

Any employee convicted of violating a criminal drug statute in the University are required to inform the administration of such a conviction (including pleas of guilty and nolo contendere) within five days of the conviction occurring. Failure to so inform the University subjects the employee to disciplinary action, up to and including suspension or termination for the first offense.

The University reserves the right to offer University employees and students convicted of violating a criminal drug statute, participation in an approved rehabilitation or drug and alcohol abuse assistance program as an alternative to discipline. If such a program is offered and accepted by the employee or student, then the employee or student must satisfactorily participate in the program as a condition of continued employment.

All employees are asked to acknowledge that they have read the above policy and agree to abide by it in all respects. This acknowledgement and agreement are required as a condition of continued employment.

The above information is always available via the internet under the Human Resources tab for Felician University employees.

Sexual Misconduct Policies and Procedures

Felician University is a very positive, safe, and healthy environment for all persons on campus. Our community depends upon trust, respect, and dignity for all who study, work, or visit our campus. These values are detailed in the Student Handbook.

The University expects all those on campus to demonstrate a respect for others as well as to uphold Federal laws and the laws of the State of New Jersey.

The University encourages all members of the community to be aware of both the consequences of sexual misconduct and the options available to those who are the victims of such misconduct.

Students or staff who are the target of sexual misconduct, sexual harassments, or sexual assault, will report their concerns or incident to one of the following Campus Security Authorities.

Campus Security Authorities for sexual misconduct, sexual harassment, or sexual assault include:

Student Affairs	Dr. Ronald Gray	201-559-3541
Residence Life	Laura Pierotti	201-559-3504
Community Rights and Responsibilities	Dr. Tara Brugnoni	201-559-3082
Associate Vice President of Student Affairs	Janel Owens	201-559-3512
Title IX Coordinator	Onya Brown	201-355-1464

The above Campus Security Authorities (CSA) will assist the individual in obtaining help, either through campus resources or seeking outside referrals, and to initiate a complaint process through the Title IX Coordinator, Onya Brown.

All CSAs are required by Title IX to report incidents of sexual assault. The only exception to reporting is pastoral and professional mental health counselors who are credentialed by the University and hired by the University to serve in a counseling role. They are not considered Campus Security Authorities when acting in a counseling role and are not required to issue a timely warning with respect to crimes. Such counselors are encouraged to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

The Bergen County Rape Crisis Center, 201-487-2227, recently renamed "The Healing

Space,” provides confidential sexual violence advocacy, and they are available 24 hours a day, seven days a week.

Counseling can be the most important step in the healing process after an assault. Counseling services are available in the Counseling Center located on the main floor of the Student Center on the Rutherford Campus. Counseling services on campus are **free and confidential**.

Additional information about services provided by the Counseling Center is available on the University website www.felician.edu/counselingcenter.

Reporting to the police and/or filing a complaint is encouraged, but not necessary for the victim to receive counseling or other support services.

If a victim discloses an incident of sexual assault to a staff or faculty member a report must be made to the Title IX Coordinator.

SaVE Act

The SaVE ACT requires Colleges and Universities to disclose statistics on incidents of domestic violence, dating violence, and stalking.

New Jersey has a statute requiring Sex Offender registration.

Information concerning registration of Sex Offenders may be obtained by accessing the New Jersey State Police website at: www.njsp.org

Missing Student/Person

In accordance with the Higher Education Opportunity Act of 2008, Felician University

has implemented a Missing Persons Policy to establish procedures to respond to reports of a missing student. This policy applies to students who are deemed missing or absent from the University for a period of more than 24 hours without any known reason or actions that may be contrary to usual patterns of behavior or unusual circumstances that may have caused the absence.

Such circumstances include, but are not limited to: a) reports or suspicion of foul play, b) evidence of suicidal thoughts, drug use, any life threatening situation, or c) has been with persons who may endanger the student's welfare.

Once a student has been reported missing, an investigation will begin. Notification will be made to the individual(s) identified by the missing person as his/her emergency contact and, if necessary, local law enforcement agencies. In the event the student is under 18 years of age, the Vice President for Student Affairs, or designee, will communicate with the parents or guardian.

If a member of the Felician University Community has reason to believe that a student who resides in on-campus housing is missing, he or she will immediately notify Campus Security as well as the Residence Life Office. The Director of Residence Life will generate a missing person report and initiate an investigation.

In addition to registering an emergency contact, students residing in on-campus housing have the option to sign a FERPA form expressing consent for parental notification. Whoever is listed on this form will be contacted in the event the student is

determined to be missing for more than 24 hours. If a student has identified such an individual, Felician University will notify that individual no later than 24 hours after the student is determined to be missing. Students who wish to identify a confidential contact can do so through the Residence Life Office.

Fire Safety and Prevention

Felician University is required by the Higher Education Opportunity Act of 2008 to disclose information about housing fire statistics, fire safety systems in student housing facilities, mandatory fire drills, fire safety policies, and education and training programs.

➤ Implementation of a Fire Log for each Residential Location

All fire incidents must be documented regarding:

- a. Nature of the fire
- b. Date the fire occurred
- c. Time of day the fire occurred
- d. Location of the fire
- e. Cause of the fire
- f. Injuries/deaths resulting from the fire
- g. Property damage incurred by the fire

The University Conduct Officer is responsible for maintaining and updating a Daily Crime and Fire Log. All incidents of fire are documented and sent to the University Conduct Officer. THE FIRE LOG IS UPDATED DAILY AND ACCESSIBLE ON THE UNIVERSITY WEBSITE UNDER "STUDENTS RIGHT TO KNOW AND ACHIEVEMENT" LOCATED AT THE BOTTOM OF THE PAGE. Maxient Incident Report or e-mail for collation and

cataloguing. The incidents are catalogued using the definitions provided in the Handbook for Campus Crime Reporting pg. 181-187.

The Daily Crime and Fire Log for the most recent 60-day period will be open to inspection, upon request, during normal business hours. Any portion of the log that is older than 60 days will be made available within two business days of the request.

The Daily Crime and Fire Log must be kept for three years following the publication of the last annual report to which it applies (in effect, seven years).

➤ **Fire Safety Systems**

Each residence hall is fully alarmed and equipped with sprinkler systems. When an alarm is triggered, a notification is sent directly to the Rutherford Fire Department.

Fire extinguishers, sprinklers, heat/smoke detectors, fire alarms, pull stations, and exit lights are located throughout the residence halls. Fire safety equipment is to be used only in emergency situations.

Fire equipment, fire alarm systems, smoke detectors and fire evacuation procedures are provided for the protection of the life and property of residents. Residents are familiarized with the type and location of equipment, exits, windows and proper evacuation procedures from their floor/tower meetings and residence hall during orientation and routine fire drills. There are also diagrams conspicuously located in each of the rooms, suites, and hallways in the Residence Halls.

Fire safety equipment is checked at the start of each Resident Assistant's duty round and they are checked by the University Facilities staff. If an extinguisher is low, the On Call Administrator is called and the Fire Department is notified to come and fill and or replace it immediately.

Misuse, tampering with fire safety equipment, or covering smoke detectors may result in immediate fines, University Disciplinary measures up to and including eviction from University housing.

Additionally, possible fines and prosecution through the town/state legal system will be pursued.

The equipment per Residence Hall is as follows:

Sprinkler System/Fire Alarm

Milton Hall-	Yes	Yes
Elliott Hall-	Yes	Yes

➤ **Supervised Fire Drills**

Each residence hall has at least two unannounced fire drills per semester that are scheduled and conducted by the Rutherford Fire Department. Additional drills may be scheduled at the discretion of the Fire Chief and Director of Residence Life. The Fire Chief or his/her designee is present and provides recommendations to the University to improve student, faculty, and staff evacuation timeliness.

Elliott Residents are expected to exit their suite and proceed to the ground level to

evacuate the building. Once a fire alarm is activated, bathroom doors become demagnetized. In case of a fire that hinders the standard evacuation of a room, students can exit through the bathroom to an adjoining suite. Once students have evacuated there are two evacuation points. The first is in the quad area located in front of Martin Hall. The other is located at the corner of West Passaic and Wood Street. These are indicated by the diagrams located on the back of the doors in each suite and room as well as in each hallway of the residence hall.

Milton Hall residents are required to exit their rooms and head to the nearest exit. There are 4 main exit points in Milton Hall. One located at the main entrance, one located at the bottom of the stairs on the North Side, one located at the bottom of the stairs on the South Side, and one located in the Wellness Center level that leads to the back parking lot. Students are expected to gather in two specific locations. The first is across the street in the Student Center Parking Lot. The second is located at the corner of West Passaic and Wood Street.

In case of a fire, it is an expectation that students do not cross the typical path of a fire engine. Therefore, traffic is directed away from crossing streets. Resident Assistant Staff, Security Staff and Residence Life Professional Staff are trained in the evacuation procedures and locations. Each building in Rutherford and Lodi has a

designated Fire Captain. Fire Captain training is conducted annually.

➤ **Fire Safety Policies Procedures and Violations/Prohibitions**

Information about the residence halls' fire equipment, fire alarm systems, and smoke detectors, along with the fire evacuation procedures are provided in the Felician University Student Handbook. This Handbook is updated annually to reflect any changes in Federal or state law, University policy, and updates regarding fire safety procedures and relevant information. For the protection of life and property, residents should familiarize themselves with the type and locations of equipment, exits, windows and the proper evacuation procedures from their floor/tower and the residence hall. These items are reviewed and discussed with First Year Students during their Freshmen Orientation. Additionally, all residential students are informed of the Fire Policies and Evacuation Procedures during their first floor meetings at the beginning of the academic year.

Health and Safety Inspections are done three times a semester by the Assistant Director of Residence Life and Resident Assistant Staff. Students who pass an inspection are given a green slip indication their successful inspection. If a student fails the inspection, they will receive a red notification that they have failed the inspection and will receive a letter to meet with the University Conduct Officer shortly thereafter. Any student that fails a Health and Safety Inspection has a right to request a copy of the inspection form from the Assistant Director of Residence Life. The University Conduct Officer then sends out a "Notice to Appear" letter and will meet with the student for adjudication.

The fire safety policies are listed in the Felician University Code of Conduct: The violations include: Misuse of, or tampering with the fire alarm systems, fire extinguishers, or other security equipment.

Health and Safety Violation –

The possession of any of the following items is prohibited in the residence halls:

- Exposed Heating Elements
- Extension Cords
- Broilers, toaster ovens, toasters
- Electrical lights (i.e. Christmas lights, rope lights, etc.)
- Hot pots or hot plates
- Coffee Makers (with the exception of those with internal heaters and automatic shut off)

- Space heaters
- Amplifiers, large speakers, base boxes
- Air conditioners
- Electric Blankets
- Halogen Lamps
- Large non-University issued furniture (couches, futons, etc.)
- Firecrackers
- Lava lamps

Consequences for violating any of these policies can range from a warning to possible expulsion from the residence halls. Under the Felician University Code of Conduct, students are prohibited from reporting a false emergency, which includes false reporting of a fire, bomb, medical emergency, or any other emergency by

means of activating a fire alarm or in any other manner.

All individuals on campus are prohibited from smoking in all campus buildings including the residence halls. Smoking is also prohibited in close proximity to a building on campus; therefore, the University has established designated smoking areas throughout the campus.

The Residential Smoking Policy is as follows:

Smoking in/near the Residence Halls – The residence halls are non-smoking facilities. The smoking or lighting of cigarettes, cigars, black and mild's, hookah, etc. in the Residence Halls or in the areas closely surrounding is prohibited. Smoking on campus cannot be less than 50 feet from any building. Consequences can range from a warning to possible expulsion from the residence halls.

➤ Fire Safety Education and Training Programs

Fire safety training is conducted each semester during the academic year for the Residence Life professional staff and Resident Assistants by the Fire Chief for the Borough of Rutherford. Evacuation procedures mentioned in "Fire Safety Policies Procedures and Violations /Prohibitions" are covered during the trainings. Fire procedures are also stated in the Residence Life portion of the Felician University Student Handbook. This information is disseminated through an electronic copy on the Felician University website. The Residence Life Staff covers the procedures in full detail during Freshmen

Orientation and the First Floor/Tower Meetings.
