Mantoux (PPD) MUST be done no sooner than7 days and no longer than 30 days to be considered a **valid test**.

Required for ALL students. Must have been administered during the 6 months prior to admission.

The following information is to be completed by your Licensed Health Care Provider. To be a valid test, the date placed, date read, and size of the reading in millimeters must be documented. (A negative reading would be 0mm.)

The test is invalid without signature of Provider, and if read less than 48 hours or more than 72 hours after being placed.

Lot#:_____Exp. Date:_____MFR:_____
Date Placed:_____Date Read:_____Results:_____
Licensed Health Care Provider Signature_____Date: _____
Printed Name (Providers Stamp preferred) _____Phone: _____
Address (Office Stamp Preferred)_____

In the event of any current or previous positive results (horizontal diameter > 10mm induration), ALL of the following must be submitted.

1. Copy of positive results documentation.
2. Copy of chest x-ray report. (actual x-ray film not required)
3. Documentation of INH prophylaxis treatment including dates of the treatment.
4. Completed Symptom Assessment for Tuberculosis Form. (available at Wellness Services)

Part V. Meningococcal (Meningitis) Mandatory University Survey

Required for all students

This Survey is to be completed by ALL students

Ensure one box is section 1 and one box in section 2 are checked and it is signed and dated.

NOTE: All students residing on campus **MUST** have received the Meningitis vaccine **PRIOR** to moving into residential housing.

Meningococcal (Meningitis) Mandatory University Survey*

This survey become part of the student's health record and is required by New Jersey State Law, PL 2000c25

Meningococcal Disease is a serious, potentially fatal bacterial illness. Anyone can get Meningococcal Disease but University students, especially those who live in dormitories and teenagers 15-19, have an increased risk of getting Meningococcal Disease. Accordingly, all university students in the State of New Jersey are to be provided information about Meningococcal Disease and available Vaccinations so that in collaboration with their Health Care Provider they may make an informed decision about receiving the Vaccine.

(check one box in this section)

Section 1: Meningitis Information

I have been informed about Meningococcal Disease. I have been informed there is a vaccine available for this disease and informed of the effectiveness of this vaccine against this disease.

I am aware that I can contact the Center for Health at Felician University or my Health Care Provider if I have any questions.

I understand that to be protected against Meningococcal Disease I must receive the vaccine, and until I do, I remain at risk for contracting this disease.

I am in receipt of the Meningococcal Vaccines Information Statement (VIS) that provides information about Meningococcal Disease and vaccines.

☐ Yes ☐ No

(check one box in this section)

Section 2: Meningitis Vaccination

☐ I have already received the Meningitis Vaccine.

☐ I am undecided about whether to receive the Meningitis vaccine.

☐ I have decided to receive the Meningitis Vaccine now or at some future time.

☐ I have decided not to receive the Meningitis Vaccine.

Student Signature: **Date:**

Print Name: last 4 of SSN#:

Part VI. Immunizations and/or Titers Note a 2 Step PPD is required for ALL nursing students. Form can be found on website.

Attach Proper Documentation for items A thru D to prove immunization or immunity as Required by New Jersey State Law.

This includes official school immunization records, public health department records, and/or official records signed by a Licensed Health Care Provider. This page 4 may be submitted in lieu of other documents if completed and signed by a Licensed Health Care Provider.
Exact dates are required.

Immunizations: Required for all students. **Blood Titers: Required** for all **Nursing** students.

Note: Lab evidence of Blood Titer results showing immunity are acceptable in lieu of documentation of Immunization.

Exemptions allowed by the NJ Department of Health to Immunizations:
1. Medical reasons (must provide written documentation from Primary Care Provider).
2. Religious reasons (must provide written documentation stating objection).

(Those with medical/religious exemptions may be temporarily excluded from class/activities during threatened or actual disease outbreaks.)

A. MMR (MEASLES, MUMPS, RUBELLA) :

ALL students born after 1956 **must** provide **one** of the following:
Measles (Rubeola) - 2 doses of live vaccine (1st dose on or after 1st birthday and 2nd dose after 1980) ***OR*** a positive **Rubeola IgG Titer**.
Mumps - 1 dose of live vaccine on or after 1st birthday ***OR*** a positive **Mumps IgG Titer**.
Rubella (German Measles) - 1 dose of live vaccine on or after 1st birthday ***OR*** a positive **Rubella IgG Titer**.
(NURSING students are Required to provide positive Rubeola IgG Titer, Mumps IgG Titer and Rubella IgG Titer results regardless of age.

B. VARICELLA (Chickenpox)*:*

ALL students **must** provide **one** of the following **regardless of age**:
1. Documentation of 2 doses of Varivax®, 4-8 weeks apart.
2. Written statement by Licensed Health Care Provider of having had the disease and what year it occurred.
3. Copies of lab evidence of a positive Varicella Zoster IgG Titer.

(NURSING students are Required to provide positive Varicella Zoster IgG Titer results.)

C. HEPATITIS B SERIES:

ALL students **must** provide **one** of the following **regardless of age**:
1. Documentation of 3 doses Hepatitis B Vaccine over a six-month period (0, 1, 6 mos.).
2. Copies of lab evidence of a positive Hepatitis B Surface Antibody Titer.

(NURSING students are Required to provide positive Hepatitis B Surface Antibody Titer - Quantitative,

For students who have not completed all 3 doses of Hepatitis B vaccine, **Provisional Periods** (Temporary Clearances) have been established to do so.

9 months - no vaccine previously received
6 months - 1 documented dose of vaccine received
4 months - 2 documented doses of vaccine received

D. TDAP: **ALL** nursing students **must** provide documentation of tetanus, diptheria and pertussis vaccine. (after the age 18)

E. MENINGOCOCCAL MENINGITIS (MCV4) VACCINE: REQUIRED for students residing on campus.
If Meningitis vaccine is greater than 5 years ago, a booster is required (NJ Law). If the 1st dose given after the 16th birthday, a booster is not needed.
New Jersey State Law **requires** that all students living in residence halls at four-year institutions of higher education receive the vaccine.
This vaccine is **recommended** for all other students under age 25 and living off campus who want to reduce their risk of meningitis.

IMMUNIZATIONS
